Золотая фантазия

A time - tested luxury

The company 'Kremlin-Bronze' has been creating one-of-a-kind luxury interior objects since its founding in 1992.

A special value and pride of our work is that we are doing it starting from the design phase. The specialists of 'Kremlin-Bronze', artists and architects, carry out sketches of stair railings, chandeliers, sconces, fireplaces and other products so that they fit perfectly in the interiors conceived by the Customer.

SINCE 1992

The romance of luxurious palaces

Interlacing of floral motifs, openwork ornaments, gracefully curved in space bronze leaves - this all creates the palatial splendor and glittering luxury of products made by the company 'Kremlin-Bronze' that are characteristic of real works of art.

Majestic and unusual, strict and luxurious, bronze railings make your stairs the central part of Your luxury interior.

Such products, made of precious materials, have been the items with an ever-growing antique value for a few centuries.

SINCE 1992

A dream
embodied in bronze

SINCE 1992

Eternal values

The stair railings designed and manufactured by 'Kremlin-Bronze' are unique. With appropriate and careful manual processing, metal begins to shine with its polished faces and this gives a special value to each interior item made by "Kremlin-bronze."

Our work style is an individual approach to the client and the embodiment of his unique designs.

A golden fantasy

*Kremlin

SINCE 1992

'Kremlin-Bronze' creates unique things, uses traditional materials, traditional bronze and the 'golden bronze' casting technology, manual work of highly professional masters.

A luxurious thing is always unique

Calibre and historical value

Such products, made of precious materials, have been the items with an ever-growing antique value for a few centuries.

And we can safely say that the products of 'Kremlin-Bronze' are the antiques of tomorrow.

All of the author's products are only designed and manufactured on order and for a particular Customer.
